All our service portfolio is designed to enable our clients leverage from the latest trends in Process, People and Technology of the circular economy and thrive in it.

HOW COMPANIES CAN HELP BUILD A NET ZERO ECONOMY

STEP ONE: TO CARBON NEUTRALITY...

1. FOOT-PRINT

Reduce emissions arising directly from company activities or from the purchase of energy and business travel Examples: Marks & Spencer, Microsoft

2. TAIL-PRINT

Reduce emissions from suppliers in the creation of goods and services used by your company (upstream) Examples: Bettys & Taylors, Interface

3. HAND-PRINT

Reduce emissions arising from customers using your company's goods and services (downstream) Examples: BP Target Neutral, Eden Springs, Elopak, Sky

STEP TWO: TO A NET ZERO ECONOMY...

4. BRAIN-PRINT

Put the transformation to a net zero economy at the heart of business strategy, and product and service innovation Examples: ING, Microsoft

5. BLUE-PRINT

Identify the investments, partnerships, governance and technology that underpin the plan to deliver against goals Example: Microsoft, Scania

6. FINGER-PRINT

Make the strategy personally relevant to all staff and management Example: LinkedIn

7. NEWS-PRINT

Communicate and advocate to set climate strategies free from the confines of sustainability reports Examples: Intuit, Sky
